From the Louisville Times. Thou art Fair and Reautiful.

BY W. E. WILSON.

Oh, thou art fair and beautiful As childhood's sunny,dream, When not a cloud comes o'er to mar The radiance of its stream! Methinks that I could gaze for ave Upon thy sweet face now; So much of heaven's own purity Is throned upon thy brow.

I've looked into the rose's heart, Where beauty loves to dwell; But oh, it had no charms for me, No wild and potent spell, Like that, thine eyes' soft loveliness, When down they looked in mine, And seemed to read the spirit's thoughts, That in my breast enshrine.

Then wak'd to joy my dreaming heart, Like buds in early spring, When sun-beams first their ardent eyes, Upon their blossoms fling! I knew not that the canker worm Of ill would come and blight These joys, and dreams, these feelings, hope That gave their sunny light.

Unto my heart! but trusting still, My footsteps wandered on, When grief's pale shadow came, and lo! E'en all my joys had flown! Then came upon my soul a chill, Cold damp was on my brow. So terrible that moment was

I wear its likeness now! But why should I speak now to thee, Of lonely hours swept by, Or chronicle e'en here the blight Of sorrow's tear, or sigh? This should not be the coloring Of my lute's lay to thee: I would not dim the ruby's glow.

Or bind the wild-bird free.

Then fare thee well! I know that thou, A paragon of worth, Wil't prove to many a heart, all good Is faded not from earth! And in thee may the sorrowing, A temple's refuge find;

Thy gentle words light up again, The lost and clouded mind.

The Presidential Question-Interesting and Sharp Debate!

We copy from the Republic the following report of a spicy passage at arms between Mr. White of Ky., and Mr. Polk, of Tenn., in which the latter came

The House resolved itself into a Committee of the Whole on the State of the Union-Mr. SEYMOUR of Connecticut, in the Chair-and took up the bill making appropriation for the support of the Indian Department for the year bill for the alteration or repeal of the ending June 30, 1853, and fulfilling cer- Fugitive Slave law. He regarded the measures of Compromise as above? politics, and their passage are not confined to one party more than another, although the gentleman from Tennessee, (Mr. Polk) said they were passed by the virtue alone which belongs to the Democratic party, with a slight postscript of whigs scarcely enough to swear by. Mr. POLK said he could not remain quiet while he was accused of making a reckless assertion. The whole tenor of the speech to which the gentleman alluded was to show that there was no whig party of the land which deserved consideration, when separated from the freesoil and abolition strength; and when he made the remark that the Compromise measures were passed with a postcript, he alluded to the three men only north of the Potomac who voted for the Fugitive Slave law. If that is reckless, truth is reckless.

As to Mr. Fillmore, the wisdom and prudence displayed by his Administration have not been surpassed since the days of Washington. Nothing would give him more pleasure than to see him re-elected, not only by the Whig party, but by the whole American party. It is not to be denied that he is the choice of the Whigs of Kentucky above all other men. They admire him as a statesman, and respect him as a man: they admire him as a patriot. No man ever had their confidence in a greater degree. If he should be the nominee of the Baltimore Convention, his name would be e-elected among the people. If another should be selected, they cannot forget their allegiance to party and their loyalty to principle. Although educated in the uncertain school of N. Y. politics, he has placed himself on the broad basis of the Union, scorning to mark his acts by merely sectional considerations. Nobly has he redeemed his pledge; the Union is preserved. On laying down the robes of office, he will transmit to posterity a spotless name and a character of undoubted purity.

He then referred to General Scott, who was broadly, squarely, and unequivocally for the Union, and the Constitution, and the Compromise. The gentleman from Tennessee, (Mr. Polk,) on a former occasion, said there was not a Democrain favor of the Compromise measures, and against the modification or repeal of the Fugitive Slave law, and defied gentlemen to say as much for Gen. Scott .-He (Mr. White) at that time said, he was authorised to say that Gen. Scott was opposed to any alteration or repeal. He received his information from conversations, private but not confidential; and he now declared Gen. Scott to be as good a Compromise man as the gentleman who defies, or any other.

Mr. POLK remarked, in addition to what he said a few weeks ago, he was now gratified to be able to state that he believed every aspirant in the Democratic party for the nomination at Baltimore has written a letter in which he takes the ground that he will veto any tain treaty stipulations with Indian whether the gentleman from Kentucky was authorized to say the same thing Mr. WHITE, of Kentucky, after jus- for General Scott? management: Among the many good hotels of which your city can boast, I had the good fortune to obtain quarters at my old stopping place, the Exchange, the proprie torship of which I found had changed hands since my last visit there. And l was most agreeably surprised to observe the many alterations and improvements that had taken place. I have always considered it one of the best arranged hotels, as regards the size of the rooms, the noble passages, and splendid entrance hall, that there is in the United States; but the elegance and taste with which it is now furnished renders it, in

my opinion, unsurpassable. The proprietor, Mr. J. P. BALLARD, is, I believe, a native-born Virginian, a gentleman of untiring energy, and Mr. W. then alluded to Mr. Webster whose urbane and courteous manners render him most deservedly popular

> Without wishing to occupy too grea a space in your valuable paper, I cannot refrain from alluding to the handsome style in which the hotel is furnished.

On passing in at the principal entrance, on the right and left of the vestibule are the gentlemen's and ladies' tic Presidential aspirant who was not reception rooms, or parlors, the floors of which are covered with rich velvet carpeting, splendid large-sized mirrors over each mantlepiece, the walls adorned with choice and beautiful paintings, and the furniture of the richest kind. Adjoining the latter is the ladies' draw ing-room, which, for elegance, taste and splendor, will bear comparison with any in the Union; curtains of the richest brocade and lace, with massive gilt cornices; superb mirrors from the ceiling to the floor, carpeting of the richest pattern, and the furniture rose wood and satin, forming altogether an apartment that an Eastern Nabob might be proud

Passing from these a few steps you enter the ladies' ordinary, which is e qually deserving of notice for the unique and chaste style in which it is arranged; it is a lofty, fine-sized room, capable of dining nearly one hundred persons. Two large and splendid mirrors, occupying the upper end, reflect a full view of the guests, and the bountiful and handsomely-arranged tables have a ery pleasing effect.

The gentlemen's ordinary is also splendid room, capable of dining two hundred persons; in fact I think the number of guests last week, at one time, could not be less than two hundred and fifty, and yet every thing went like clock work-a superabundance of the good things of this life on the table, and so admirable were the arrangements that the most fastidious had no cause for complaint.

As regards the private parlors and chambers throughout the establishment, they are furnished in a corresponding style of elegance; every room is carpeted with the richest Brussels carpeting, and the furniture of the very best and most fashionable make, and great credit is due to Mr. BALLARD for the manner in which he has combined luxury and comfort throughout.

Mr. BALLARD, I observed, is well patronized by the Virginians, and very properly so, for the liberality and spirit he has shown in making the Exchange Hotel a credit and an ornament to the State well deserve their warmest sup-S. G.

Approaching the table where lay the wondering Dutchman, Jonathan took up one of his feet, and brought it to his mouth, and made a very significant impression with his teeth on the Dutchman's big toe, which elicited a roar and a kick.

On the 49th ballot FRANKLIN O. PIERCE of New Hampshire, received the nomination for President and WM. R. KING, of Alabama, for Vice President. We do most certainly think his nomination over such men as Cass, Buchanan or Butler, is a burning shame and disgrace, and there will be called down upon the heads of those who perpetrated the deed an avalanche of wrath and dishonor. It is passing strange that these worthy statesmen who have been among the pillars that have sustained this mighty republic when discord and dissolution were almost within its sacred portals, should be cast aside as unworthy of confidence and support, and an obscure, second rate man placed above them in the party ranks where they have so nobly and ably sustained themselves in the days that "tried men's souls.
